ERRATA SHEET

For:

NOTICE OF PREPARATION DRAFT ENVIRONMENTAL IMPACT REPORT

Project Title: Building 51 and Bevatron Demolition **Project Location:** Lawrence Berkeley National Laboratory

Alameda County, California County:

On March 29, 2005, Lawrence Berkeley National Laboratory (LBNL) revised information for the above project. The following replacement text is provided to correct errors or to otherwise clarify the text:

1. On NOP Checklist - 2, the text currently reads:

The site is located on 1.44 acres in the west-central part of LBNL.

This text is hereby amended to read:

The project site, located in the west-central part of LBNL, is approximately 4 acres, including parking and staging areas. Of this, approximately 2.25 acres would be converted from developed area (e.g., occupied by Building 51, or covered by concrete or asphalt) to open space.

2. On NOP Checklist - 4, the text currently reads:

Discretionary approval authority and other public agencies whose approval is required (e.g., permits, financing approval, or participation agreement.)

This text is hereby amended to read:

Storm water generated within the LBNL facility is managed in conformance with LBNL's National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Industrial Activity. Under authority delegated by the State Water Resources Control Board, oversight and enforcement of this permit is provided by the San Francisco Bay Regional Water Quality Control Board and the City of Berkeley. Implementation of the permit requirements is detailed in LBNL's Stormwater Pollution Prevention Plan (SWPPP) and Storm Water Monitoring Plan (SWMP). As the proposed project soil exposure would exceed one acre, application for coverage under the State General Construction NPDES permit and development of a project-specific SWPPP would be required.

LBNL appreciates your interest in this project and welcomes your comments on the NOP by April 16, 2005 to:

Daniel Kevin Environmental Planning Group Lawrence Berkeley National Laboratory One Cyclotron Road, MS 90K0198 Berkeley, CA 94720
